You are receiving my first newsletter. It is my intention to send out a newsletter quarterly, summarizing the posts found on my blog at www.SupportBryan.org.

As you may know, I spent the summer traveling across the country working with a Christian apparel business. During my travels, I was able to earn money by working for the company and through selling glow bracelets. I was also able to distribute approximately 1000 prayer magnets across the country. If you do not have a Support Bryan prayer magnet, email me and I will mail you one.

Additionally, during my travels I was able to meet people from all walks of life, pray with people from many different backgrounds, and empower youth to stand up for the principles of the Bible in their school, work, and social settings.

Now that the summer is over, I am finally getting ready to move out to Los Angeles and begin my internship. You may have thought I was already out there, but I have instead been working to earn money for my initial moving and living expenses. For those of you who don't know, I will spend my internship working with the campus ministry Chi Alpha Christian Fellowship, participating in activities such as evangelism and outreach events on UCLA's campus and around the city. I will be involved in building relationships with international students to help spread the gospel to the nations, helping set up the weekly service, participating and helping with weekly prayer meetings, campus Bible studies, etc. If you are interested in partnering with me to support this vision, you can invest in what I am doing on a monthly basis by filling out and returning the included envelope and faith promise agreement.

Praise Reports

- I will be living with two Chi Alpha staff members, and they found us a nice house to live in at the price many apartments go for. The house is located only five minutes from the UCLA campus.
- God has substantially blessed me over the summer. I was able to sell glow bracelets at almost every Christian Music festival I went to, and I was even given exclusive glow bracelet selling rights at the largest Christian music festival in the world! This was huge because this festival has traditionally held the exclusive rights to sell bracelets. This allowed me to make over the summer the initial amount of money required to move to Los Angeles along with the money to cover my expenses for my first few months out there.
- Though I had lost my phone for almost four weeks, God provided me with an amazing phone at a great price in Spokane, WA. I only had a short window of opportunity to purchase a new phone and God still provided. I found a quality phone for a great price off of an online listing, and the person only lived 15 minutes from where I was staying. If it had been any farther away, I would not have had time to get it, and I would have remained phoneless for another two or three weeks. This also prevented me from having to renew my cell phone contract.

Bryan's Prayer Requests – Please cut out and place under my magnet

- I need a reliable car to have in Los Angeles that is capable of driving to and from Missouri. I need this before I leave, which will be by the third week of September.
- I still have quite a hefty budget to raise for this vision. Pray for favor and financial provision to raise the rest of my budget in a timely manner.
- Pray that God is able to use me in every aspect of my life out there, and for divine appointments, strengths, favor, and wisdom. Additionally, for my impact in Los Angeles to be substantial for the kingdom of God.
